## Angels Tour #2 – Rhine-Neckar 2015

The Mannheim Business Angels network - as an alumni-based angels network - has a special focus on introducing first time angel investors (so called "virgin"-angels) to the topic of investing into startups/early stage companies.

Following the success of our previous events incl. the **Angels Tour #1 Berlin** (click [here](#) for the event brochure and [here](#) for some visual impressions), and to celebrate the **second birthday** of our angels network, we are now planning an excursion to the Rhine-Neckar-area in 2015!

The Rhine-Neckar-area is a hotspot where many Business Angels, Venture-Capital investors, startups as well as research-organizations are resident. We will explore the eco-system and look at interesting investment-opportunities in startups.

### Objectives are

- to enhance the knowledge of our existing members, increasing their confidence and commitment to invest into early-stage startups
- to attract new members and to introduce them to Angels Investing
- to increase the team spirit in our angels network

### Topics

- investments in **Healthcare/Biotech-startups**
- investments in **scientific startups** (e.g. spin-offs from research institutes/universities)
- investments in **Software / SaaS-startups** and others
- investments in **female-led** startups
- **Bus-Tour** visiting accelerators/incubators, VCs, coworking-spaces etc.

We will visit locations in Mannheim, Heidelberg, Walldorf and Ludwigshafen.

**Angels Tour Rhine-Neckar** - a good excuse to meet and network with interesting people, angels, venture capital investors, entrepreneurs, social innovators and others in the early-stage ecosystem !
